

PMCap (Patent 6,860,297) Piping Pressure Boundary Restoration

360 Degree 2-Piece Split PMCap

Elbow PMCap

Finite Element Modeling and Analysis

- Restore ASME/ANSI Code Compliance to piping systems **U N**
- Designed for restoration of pipe wall subject to stress corrosion cracking and thinning
- For use on circumferential welds and Heat Affected Zones
- Addresses issues identified by NRC Information Notice 2011-04
- Available in all piping materials
- May be installed without sensitizing stainless steels
- Installation does not require draining piping system
